

## ELECTIVE SCHEDULE FALL 2009

### Elementary Electives/Clubs

#### **MWF “Just Chillin”**

2:30 – 4:30

This after school club is intended to be a supervised option for those students who are waiting for older siblings who have later programs but is open to all our students. Keyboarding, studying, board games and local outings are just a few of the activities available for these students. The cost of the club is either \$100 at the beginning of the semester which entitles that student to stay for a half hour one day or up to 2 ½ hrs for up to three days. Families can also just pay \$2.00 per hour only on the days they wish to participate. We are hoping to minimize extra travel time for parents and having students waiting around for siblings or parents who are involved in later programs at CCS.

Note: There is a minimum of three students per elective for a class to be offered. If there aren't enough students to offer the class then it will be closed. Students have to sign up at the beginning of the semester and decide whether they are taking an elective class one, two, or three days and baring arrangements with parent and teacher, need to stay with that schedule the entire semester.
